

IEEE 2007  
INTERNATIONAL RELIABILITY PHYSICS SYMPOSIUM

***INVITATION TO EXHIBIT***

Phoenix Convention Center, Phoenix, AZ  
April 15 - 19, 2007  
(Exhibits April 17 - 19, 2007)

For over 44 years, the International Reliability Physics Symposium has been the premier forum for presentation of new work on the physics of failure mechanisms in electronic and microelectronic devices. We invite you to participate in the Exhibition and showcase your products and services. The Exhibition will be open to all IRPS attendees as well as qualified Exhibit Only participants. For more information on the IEEE – IRPS please visit our website at: [www.irps.org](http://www.irps.org)

***Over 700 Industry Professionals are Expected in Phoenix***

***Don't Miss the Opportunity to Reach These Qualified Buyers***

**INFORMATION ON EXHIBITING**
