

Tuesday Evening Workshop Topic:

If and When Will Wear Out Begin to 'Dominate' Field Failures

A Guided Discussion Facilitated by:

Michael Dion

Rockwell Collins, Inc.

Melbourne, Fl. USA

We will discuss:

- 1) General fails during normal life (defects / wear out),**
- 2) Types of future changes we expecting (if any), and**
- 3) Q: Should we change how we predict or measure expected product failure rates . . . When? How?**
